Registration Deadline: April 1, 2008

PRESENTER:

David L. Burton, Ph.D., is Assistant Professor at Smith College School for Social Work. Dr. Burton received his Ph.D. from the University of Washington School of Social Work. His professional interests include clinical social work, prevention of sexual aggression, treatment of adolescent and adult sexual abusers and children with sexual behavior problems, and research and evaluation. His current research areas include the role of trauma in sexual aggression, etiology and treatment of sexual aggression, attachment disorders of sexual abusers, personality of sexual abusers, randomized treatment evaluation of delinquents, et al.

PROGRAM CONTENT:

This workshop will provide an overview of assessment methods and evidence-based practices for community-based treatment of children and adolescents who present with inappropriate sexual behavior.

LEARNING OBJECTIVES:

Participants will be aware of the following:

- 1) The most recent risk of sexual re-offense assessment instruments for juvenile sexual abusers
- 2) Evidence-based criteria for stepping down from residential treatment to community-based treatment and the criteria for maintaining youth in community treatment
- 3) Treatment planning models for various levels of care for juvenile sexual abusers
- 4) An overview of motivational interviewing techniques for use with sexual abusers and how to distinguish these from standard therapy techniques
- 5) Methods of risk management for these youth in the community
- 6) The basics of self care based on research on burnout.
